Special Appeal For Prayers

In his Friday Sermon of August 23, 2024, Hazrat Khalifatul Masih V (May Allah be his Helper) instructed us to recite the following prayers to remain within the fortress of Divine protection, safe from Satanic onslaughts:

سُبْحَانَ اللَّهِ وَبِحَمْدِهِ سُبْحَانَ اللَّهِ الْعَظِيمِ اللَّهُمَّ صَلِّ عَلَى مُحَمَّدٍ وَآلِ مُحَمَّدٍ

Translation: Holy is Allah with His praise, Holy is Allah the Great, O Allah, bless Muhammad and the people of Muhammad

(200 Times Daily for age 25+, 100 Times Daily for ages 15-25, 33 Times Daily for children and 3-4 Times Daily for small children)

أَسْتَغْفِرُ اللَّهَ رَبِّي مِنْ كُلِّ ذَنْبٍ وَأَتُوبُ إِلَيْهِ

Translation: I seek forgiveness from Allah, my Lord, for all my sins, and turn to Him. (100 Times Daily)

رَبِّ كُلِّ شَيْءٍ خَادِمُكَ رَبِّ فَاحْفَظْنِي وَانصُرْنِي وَارْحَمْنِي

Translation: O my Lord, everything is Your servant. O my Lord, so protect me, help me and have mercy upon me!

(100 Times Daily)

His Holiness said that these days when Satan is trying to attack our Community and the world at large, the only way for us to remain safeguarded is through prayers. Hence, we should recite these prayers, not just during the days of Jalsa but throughout the year.

زُيِّنَ لِلنَّاسِ حُبُّ الشَّهَوَاتِ مِنَ النِّسَاءِ وَالْبَنِينَ وَالْقَنَاطِيرِ الْمُقَنْطَرَةِ مِنَ الذَّهَبِ
وَالْفِصَّةِ وَالْخَيْلِ الْمُسَوَّمَةِ وَالْأَنْعَامِ وَالْحَرْثِ ۗ ذَٰلِكَ مَتَاعُ الْحَيَاةِ الدُّنْيَا ۗ وَاللَّهُ
عِنْدَهُ حُسْنُ الْمَاٰبِ ۝١٥

Translation

by Hazrat Maulvi Sher Ali (May Allah be pleased with him)

Beautified for men is the love of desired things — women and children, and stored-up heaps of gold and silver, and pastured horses and cattle and crops. That is the provision of the present life; but it is Allah with Whom is an excellent home. (Aal-e-Imran:15)

Short Commentary - Five-volume commentary page:463

The verse enumerates some of the things of this world which engross man's attention and often turn him away from God. These are particularly the things to the acquisition of which men, more specially in Christian countries, have applied their time and energy. As already pointed out, it is the Christians that are chiefly addressed in this Sūrah. Islam does not prohibit the use, or even the seeking, of the good things of this world; but it certainly condemns the action of those who become engrossed in them and make them the very object of their life. Elsewhere the Quran refers to the Christian people as "those whose efforts are all lost in the life of this world" (18:105).

As to the question, who is the "beautifier" referred to in the clause, beautified for men, it may be noted that though the natural beauty in all things comes from God, yet here the "beautifier" is Satan, for in the present verse the question is not of "simple beauty" but of "engrossing beauty", not simply of the desired things of the world but of the abnormal love for them; and it is certainly Satan who endows the things of this world with engrossing beauty and creates in the hearts of men special love for them. God is only the Beautifier of good deeds and good things, and the Creator, in the heart of man, of dislike for evil ones (49:8, also 16:64).

Hadith

Pic Ref: <https://www.pexels.com/>

وعن ابي العباس سهل بن سعد الساعدي، رضي الله عنه، قال: جاء رجل الى النبي صلى الله عليه وسلم فقال: يا رسول الله دلني على عمل اذا عملته احبني الله، واحبني الناس، فقال: "ازهد في الدنيا يحبك الله، وازهد فيما عند الناس يحبك الناس - (حديث حسن رواه ابن ماجه وغيره بأسانيد حسنة)

Translation

It is related by Hazrat Sahl that a man came to the Holy Prophet (peace be upon him) and said: O The Prophet of Allah, please let me know what to do that Allah may love me and people also like me. The Holy Prophet said: Forsake and abandon the world and Allah will love you. Don't desire for the things people have and people will also love you

Explanation

As a matter of fact this Hadith contains the wonderful instructions for happiness in one's life. The comforts and luxuries never provide true and real happiness. They are all fleeting and do not remain for long. But this does not mean to become celibate. It is not permitted in Islam. Keep your desires to the minimum. This means leaving the

world and by doing so the world itself will come after you. This will protect you from sins which is a sort of burning in this world and in the Hereafter. Secondly, if you don't desire what people have, no one will be jealous of you. What a wonderful way to remain happy? People will definitely love you and this is a sure way to bring happiness.

So said the Promised Messiah (*Peace & blessing be upon him*)

Steadfastness

One of the natural qualities of man is steadfastness during illness and under afflictions. He has recourse to patience after much complaining and sorrowing. It is natural that a person cries and groans under affliction and in the end, after giving vent to his grievance, he beats a retreat. Both these conditions are natural but are not in any sense part of a moral quality. In this context the relevant moral quality is that when one suffers a loss, one should consider it as rendering back to God that which He had bestowed, and should utter no complaint about it. One should affirm that it was a bounty of God which He has recalled and that one is reconciled to God's pleasure. In this context, God Almighty's holy Word, the Holy Quran, admonishes us thusly:

And We will try you with something of fear and hunger, and loss of wealth and lives, and fruits; but give glad tidings to the patient Who, when a misfortune overtakes them, say, 'Surely, to Allah we belong and to Him shall we return.' It is these on whom are blessings from their Lord and mercy, and it is these who are rightly guided. (The Holy Quran, al-Baqarah 2:156-158)

That is, O believers we shall surely try you with somewhat of fear, and hunger, and loss of wealth, and lives, and of the fruits of your labour and sometimes your dear children will die; then give glad tidings to the steadfast, who, when a misfortune overtakes them, do not lose heart, but affirm: We belong to God and are His servants and to Him shall we return. It is these on whom are blessings from their Lord and mercy, and it is these who are rightly guided. This moral quality is called steadfastness or reconciliation to the Divine will. From one aspect it might be called equity or justice. Throughout a person's life, God Almighty manifests thousands of matters in accord with the wishes of a person and bestows numberless bounties upon him, so that it would be inequitable on his part that on such occasions when God calls upon him to submit to His will, he should turn away, not pleased with the will of God, and should be critical, or lose faith or go astray."

(The Philosophy of the Teachings of Islam- Page 76-78)

Allah's Mercy

إِنَّ رَحْمَتَ اللَّهِ قَرِيبٌ مِّنَ الْمُحْسِنِينَ

Hazrat Khalifatul Masih V (May Allah strengthen his hand) Said :

That is, “Surely, the mercy of Allah is nigh unto those who do good.” Mohsin – those who do good – are those who fulfil their duties in accordance with all of its requirements. Hence, one who fulfils the requirements of righteousness, acts in accordance with the commandments of God Almighty, has absolute conviction in the signs of God Almighty and submits himself before Him will partake of the mercy of God Almighty. Thus, a believer should try his utmost to act in accordance with the commandments of God Almighty, tread on the path of righteousness and be absolutely firm in his faith. Only then can an individual be deemed a believer.

Sweet Potato and Winter

Photo by Glen Hayoge on Unsplash.com

Syed Mansoor Ahmed - Ottawa West

Winter in Canada asks for foods that warm the body, boost energy, and support immunity. Sweet potato answers that call better than most staples. It's nutrient-dense, versatile, shelf-stable through the season, and comforting in texture and flavour. Beyond being a cozy, seasonal choice, sweet potato offers specific health benefits that matter during cold months: vitamin A and C for immunity, fibre for digestion, complex carbohydrates for steady energy, and minerals that support muscle and heart function.

Nutritional Strengths That Matter in Winter

- **High in vitamin A** — Sweet potatoes are one of the richest natural sources of beta-carotene, which the body converts to vitamin A, essential for healthy vision and immune function. Eating orange-fleshed varieties helps maintain mucosal defenses that fight respiratory infections, a key winter advantage.
- **Good source of vitamin C** — This antioxidant supports immune cells and helps the body recover from seasonal illnesses faster.
- **Complex carbohydrates and fibre** — The starches release energy slowly, which helps maintain steady blood sugar and warmth over hours; their fibre content supports gut health and satiety, reducing the temptation for high-sugar snacks on cold evenings.

- **Minerals for winter activity** — Potassium, magnesium, and manganese help with muscle function, nerve signalling, and energy metabolism, important if you're moving through snow, doing shovelling, or maintaining an active winter routine.
- **Antioxidants and anti-inflammatory phytonutrients** — Anthocyanins (especially in purple varieties) and carotenoids reduce oxidative stress and inflammation, which supports overall resilience through the season.

Each of these nutritional qualities makes sweet potato a functional, warming food that supports both short-term comfort and longer-term health during Canadian winters.

Practical Advantages for Canadian Households

- **Long storage life** — Sweet potatoes store well in cool, dark places, making them a reliable pantry vegetable through months when fresh produce is harder to source locally.
- **Cost-effective and accessible** — They're widely available across Canadian markets and grocery chains and provide dense nutrition for a reasonable price compared with many fresh winter produce items.
- **Kid-friendly and adaptable** — Their natural sweetness and variety of textures make them easier to introduce to picky eaters, letting

families get more nutrients into meals without resistance.

These practical strengths make sweet potato not only nutritious but also convenient for the realities of Canadian winter living.

How Sweet Potato Supports Immunity and Energy in Cold Weather

During winter, we need steady energy and a robust immune response. Sweet potatoes supply slow-burning carbohydrates plus micronutrients that support immune cell production and antioxidant protection. Vitamin A and C both play direct roles in maintaining mucous membranes and white blood cell function, while the fibre promotes a healthy gut microbiome, which is increasingly recognized as a contributor to immune health. The combined macro- and micronutrient profile creates a food that helps you stay warm, satisfied, and better defended against seasonal colds.

Delicious and Practical Ways to Eat Sweet Potato in Winter

Sweet potato's versatility is one of its greatest assets in cold months. Here are reliable, warming preparation methods and recipe ideas that fit Canadian winter tastes and lifestyles.

- ***Roasted or Baked Whole*** — Roast whole sweet potatoes at 200°C (400°F) until tender. Split and top with Greek yogurt, a drizzle of maple syrup, and toasted pumpkin seeds for a warming, nutrient-packed meal. This method preserves vitamins and yields a comforting texture.
- ***Mashed or Puréed*** — Mash with a bit of butter or olive oil, warming spices (cinnamon, nutmeg), and a splash of milk or plant milk. Serve as a side with stews or roasted meats for comfort-food appeal and steady energy release.
- ***Hearty Soups and Stews*** — Add cubed sweet potato to lentil, chickpea, or chicken stews. It thickens the broth naturally, adds sweetness that balances spices, and increases the meal's vitamin and mineral content. Slow-simmering enhances digestibility and warmth, perfect for long Canadian winters.

- ***Crisps, Fries, and Chips*** — Cut into wedges or thin slices, toss with a small amount of oil and herbs, then roast until crisp for a healthier winter snack alternative. Pair with a yogurt-based dip or hummus for protein and extra flavour.

- ***Toast and Bowls*** — Sliced, roasted sweet potato makes a sturdy base for winter bowls — top with roasted root vegetables, greens, pickled onions, and a protein like grilled salmon or chickpeas for a balanced, seasonal meal.

- ***Baked Goods and Portable Snacks*** — Incorporate mashed sweet potato into muffins, pancakes, or energy bars. It adds moisture and nutrients, turning portable snacks into better winter fuel for busy days outside or commuting.

These methods keep meals varied so sweet potato doesn't become monotonous while making the most of its warming, satisfying qualities.

Tips for Buying, Storing, and Preparing

- Select firm, smooth-skinned tubers with no soft spots or sprouts. Colour can signal nutrient profile: deep orange indicates high beta-carotene; purple varieties provide more anthocyanins.
- Store in a cool, dark place (not the fridge) to extend shelf life and preserve texture. Keep them away from onions, which can shorten storage life.
- Cook with the skin on when possible — it contains fibre and nutrients; wash thoroughly and roast or bake to retain nutrients and flavour.
- Balance fats and proteins — pair sweet potato dishes with a source of protein and healthy fat to improve nutrient absorption and keep you full longer in cold weather.

Final Thoughts: Sweet potato is a winter superstar for Canadian households because it combines nutrition, warmth, affordability, and versatility. Whether roasted, mashed, stewed, or baked into snacks, it supplies immune-supporting vitamins, steady energy from complex carbs, and antioxidants that help the body cope with winter stressors. Make sweet potato a regular part of your winter meal planning, and you'll gain comfort, resilience, and delicious variety as the season unfolds.

Majlis Ansarullah Canada Refresher Courses 2025

In accordance with the traditions of Majlis Ansarullah Canada, refresher courses were organized at the commencement of the year to formally present the administrative and spiritual plan for 2025. These sessions serve as a vital platform for aligning office bearers with the national agenda and ensuring a unified approach to the year's responsibilities.

National Refresher Course

The series of events began with the National Refresher Course, held on January 12, 2025 in Baitul Islam Mosque. The event witnessed a robust attendance of 278 members, comprising the National Majlis Amila Ansarullah, Regional Amila members, and Zu'ama Majalis representing 13 regions across the Greater Toronto Area.

Presentation of the Annual Plan

The primary highlight of the course was the comprehensive introduction to the Annual Plan for 2025, presented by the Qa'id Umumi and the Additional Qa'id Umumi. This presentation covered critical administrative pillars, including:

- The structures of the National Majlis Amila and Regional Nazimeen Ala.
- The Calendar of Events and the framework for the structure of Regions and Majalis for the year.
- Key performance indicators such as the characteristics of a Model Majlis and Region, the distribution of marks for the Alm Inami, and the Monthly Individual Report Form.

Following the strategic overview, the Additional Qa'id Umumi provided a detailed walkthrough of the MACMIS system to ensure technical proficiency among the office bearers.

Breakout and Combined Sessions

To facilitate focused discussions, the attendees divided into breakout sessions. In these gatherings, the National Qa'id of each department met with their respective regional Nazimeen to present and deliberate on specific departmental plans for the year. Concurrently, the Nazimeen Ala and Zu'ama Majalis had the distinct opportunity to hold a session with the Respected Sadr Majlis Ansarullah.

Upon the conclusion of the breakout sessions, a combined session was reconvened, featuring a general question-and-answer segment presided over by Respected Sadr Majlis. This session also included specialized presentations by the National Qa'ids of the Mal, Talim, Tabligh, and Isar departments.

Concluding Address

In his concluding address, Respected Sadr Majlis Ansarullah drew spiritual attention to the high standard of devotion required of office bearers. He presented an inspiring excerpt from a letter written by Hazrat Hakim Maulana Nooruddin (May Allah be pleased with him), Khalifatul Masih I, to the Promised Messiah (Peace and blessing be upon him) expressing absolute devotion, selfless obedience, and a willingness to sacrifice wealth, position, and life in service of the divine mission. Respected Sadr Sahib emphasized that true faith demands complete sincerity and the prioritization of the mission of the Promised Messiah (Peace and blessing be upon him) over all personal interests.

Furthermore, he shared guidance from the Friday Sermon of Hazrat Khalifatul Masih (May Allah strengthen his hands) delivered on August 13, 2023. The instructions highlighted that office bearers are trustees of Allah and must act as humble servants who fulfill their duties actively, respond to people's needs without delay, and

spread love rather than hardship. He urged the members to cultivate piety and accountability through regular repentance, introspection, and the offering of at least two nawāfil (voluntary prayers) daily for their departments, while faithfully keeping all trusts and commitments.

Regional Refresher Courses

Following the National Refresher Course, the National Markaz instructed all regions to conduct similar refresher courses at the regional level. These courses were designed to replicate the pattern of the National event, including the same departmental presentations, to ensure consistency in messaging and training. Organized by Regional Nazimeen Ala and their respective Amila members, these events were presided over by assigned National Amila members, assisted by other National Qa'ideen. The target audience included regional amila and local Majalis amila members.

January 2025 Sessions

In January 2025, eight regions successfully conducted their refresher courses, attended by a total of 488 regional and local amila members from 50 Majalis.

Transforming Lives in Pir Village, Senegal - A Model Village Project by Majlis Ansarullah Canada & IAAE

Report by Mubashir Khalid – Qaid Isar

By the Grace of Allah and with the heartfelt prayers of our beloved Huzoor (May Allah strengthen his hands),

Majlis Ansarullah Canada has been blessed with yet another opportunity to serve humanity through the Model Village Project in Pir, a small community in the Republic of Senegal. What began as a remote village struggling with daily hardships has now, Alhamdulillah, become a shining example of sustainable development, dignity, and hope.

Situated in a region long affected by unreliable electricity and severe water scarcity, Pir Village was chosen after a thorough assessment of six

potential sites. Its need was deep, and its people steadfast—qualities that made it an ideal place for this transformative initiative. Through the generous support of Majlis Ansarullah Canada and the dedicated technical leadership of IAAE Germany, an extraordinary change has taken root.

Lighting Every Home — A Brighter Future Begins

Before this project, most homes in Pir sat in darkness every night. Electricity was minimal or entirely absent.

Today, by the Grace of Allah, the village glows with light. Seventy decentralized solar power systems have been installed in over 100 homes and the mosque, providing reliable lighting and enabling residents to charge phones and carry

out essential tasks after sunset. Sixteen solar-powered streetlights now illuminate pathways, improving safety and allowing community life to continue well into the evening.

For many families, this is their first experience of dependable household electricity. A simple, steady light—an everyday blessing many take for granted—has become a symbol of progress and renewed opportunity.

Clean Water Within Reach — A Lifeline Restored

Water scarcity once defined life in Pir. Two open wells frequently ran dry, and the only alternative source was a strenuous 7 km journey. This burden fell heavily on women and children.

With prayers and perseverance, a new era has begun. Following a geophysical survey, a deep borehole was drilled to 147 meters, tapping into a

sustainable underground water source. A solar-powered pump now draws up to 7,000 liters of water per hour into two elevated 5,000-liter

tanks. Through a 760-meter underground pipe network and five concrete tap stations, clean water flows throughout the village every day.

Where once villagers walked hours for water, they now walk only minutes. By the Grace of Allah, access to safe, reliable water has restored health, dignity, and peace of mind.

Building Capacity — Empowering the Community

One of the most beautiful aspects of this project was the active involvement of Pir's residents. They assisted in installing poles, setting up solar units, and learning basic maintenance skills. This partnership ensures long-term sustainability and strengthens pride and ownership. The community now stands better equipped to care for the infrastructure that serves them.

A Model for the Future

The transformation in Pir serves as a living example of how faith-inspired humanitarian service can uplift entire communities. The village now enjoys:

- Reliable household electricity
- Brightly lit streets that enhance safety
- Continuous access to clean drinking water
- Empowered residents with new skills

- A strengthened foundation for future development

With continued prayers and support, expansion opportunities remain—extending solar systems to remaining homes, adding more water taps, and exploring small-scale irrigation and cold-storage initiatives. The Pir Model Village Project stands as a testament to what can be achieved when sincere intentions are paired with dedicated effort. By the Grace of Allah, and with the prayers and guidance of Huzoor (May Allah strengthen his hands), the light of service has reached this village and ignited a lasting change. May Allah enable Majlis Ansarullah Canada and all partners to continue serving humanity with even greater passion and humility. Ameen.

Department of Tabligh Report 2025

Alhamdulillah (all praise belongs to Allah), Majlis Anṣārullāh Canada, through its Qiadat Tabligh (Department of Preaching), continues its vital work of presenting the true, peaceful teachings of Islam

to Canadians from various backgrounds.

Among the numerous national events we participate in, the following reports highlight some of our most successful Tabligh booth efforts.

Tabligh Efforts at Book/Exhibitions Across Canada

Arabic Canadian Book Fair 2025

About the Event

The Arabic Canadian Book Fair (Salon arabo-canadien du livre), located in Mississauga, Ontario, is a major cultural event dedicated to celebrating Arabic heritage, arts, and literature. Its primary mission is to showcase a wide collection of Arabic books and serve as a cultural bridge for the community. The atmosphere of intellectual curiosity and cultural exchange made it an ideal location for our Tabligh efforts.

Tabligh Anṣārullāh Booth Report

The Arabic Canadian Book Fair, a major cultural event celebrating Arabic heritage and

literature in Mississauga, served as a crucial platform for Tabligh Anṣārullāh to present the peaceful message of Islam Ahmadiyyat. Recognizing the opportunity to connect with Arabic-speaking communities, our mission was spearheaded by a total of 14 Arab volunteers

and 6 supporting Tabligh team members over two days. Our booth was strategically designed for maximum impact, prominently displaying the photo of the Promised Messiah (Peace and blessing be upon him) via banners and a TV playing MTA AlArabia. The high visibility of our literature and visual aids ensured that countless attendees received exposure to the Jama'at's message. Over the weekend, the dedicated teams engaged approximately 30–35 individuals in direct, purposeful discussions, successfully distributing 16–20 books and flyers and establishing new contacts who expressed keen interest in further research.

Saturday Activities

On Saturday, our Tabligh efforts at the Arabic Canadian Book Fair were highly focused and productive. The event ran from 11:00 AM to 6:00 PM. Our team comprised five dedicated Arab volunteers, who worked in shifts, effectively supported by two members from the National Anṣār Tabligh team and two members from the local Tabligh team. The visibility of our booth was excellent, featuring prominent “Love for All, Hatred for None” banners, specialized Arabic standing banners, and a comprehensive display of our Arabic literature. Crucially, we played MTA AlArabia on a TV throughout the day, showcasing a Jama'at introduction documentary, which successfully attracted the attention of many Arabs passing by. Through these efforts, approximately 18 to 20 individuals visited our booth and were

introduced to the Jama'at. We were privileged to engage in lengthy, in-depth discussions with about 4 to 5 of these visitors. In terms of resources, we distributed 8 to 10 books and flyers and gifted Jama'at pens. Many visitors expressed genuine interest in continuing their research about the Jama'at.

Sunday Activities

Sunday saw an increased volunteer presence and continued high engagement. Our activities commenced promptly at 10:05 AM and concluded at 6:00 PM. The team expanded to include nine Arab volunteers working in shifts, with excellent support from two members of the local Tabligh team. Like the previous day, the booth prominently displayed our vast collection of Arabic literature and played MTA AlArabia continuously, ensuring the peaceful message of Islam was constantly visible and audible. Around 12 to 15 individuals stopped by the booth to learn about the Jama'at, and we handed out a total of 8 to 10 books and flyers to interested parties. A particularly noteworthy event occurred toward the end of the day when we engaged in a lengthy discussion with an Indian Muslim visitor who spoke Arabic. The individual appeared to have come prepared with allegations intending to provoke a debate. However, the dedicated Arab Jāmi'a students skillfully and patiently addressed all his questions and concerns, successfully diffusing the situation with wisdom and composure, setting an excellent example of peaceful and reasoned dialogue.

KW Multicultural Festival (Kitchener & Waterloo)

Event Overview

The Kitchener & Waterloo Multicultural Festival is a high-profile, two-day event held at Victoria Park, Kitchener, drawing an estimated 5,000 visitors from various cities and cultures. Majlis Anṣārullāh seized this exceptional opportunity by securing two strategic spots right at the entrance, ensuring maximum visibility for the Jama'at's message. Our efforts were highly coordinated through

comprehensive pre-event planning involving national and regional Tabligh officials. The

booth prominently featured the photo of the Promised Messiah (Peace and blessing be upon him) and the message of peace to thousands of passersby. Over the weekend, dedicated Ansar members mobilized from five Majalis—

Milton NW, Guelph, Cambridge, Kitchener, and Waterloo—successfully distributed more than 800 flyers introducing Islam Ahmadiyyat and establishing 20 new contacts. A key highlight was the presence of Murabbi Sial sb, whose bilingual efforts allowed for highly impactful, detailed discussions in the Pushto language with the large Afghan population.

Team Engagement and Key Results

One key strategic decision was arranging for a bilingual Murabbi to engage with the large Afghan population in Kitchener; Murabbi

Sial sb attended both days and had highly detailed discussions in the Pushto language, which proved highly impactful. Furthermore, Nurudin sb successfully arranged more than 50 books for the booth's display. The effort was

truly regional, with volunteers and support mobilized from the Majalis of Milton NW, Guelph, Cambridge, Kitchener, and Waterloo. Over the course of the two-day festival, the Tabligh team successfully engaged an estimated 5,000 visitors to the event. Our

dedicated team distributed more than 800 flyers introducing the Jama'at and its teachings, leading to the establishment of 20 new contacts. Several long discussions were held by the Murabbi sb throughout the weekend. The commitment of the Majlis was further recognized by a visit from Nazim-e-Ala sb, who spent valuable time at the spot.

Canadian National Exhibition (CNE) 2025

Event Overview

The Canadian National Exhibition (CNE), affectionately known as 'The Ex,' is Canada's largest annual community event and one of the top fairs in North America, attracting over 1.6 million visitors annually over 18 days leading up to Labour Day. Established in 1879 as the Toronto Industrial Exhibition, it has a distinguished history as a national showcase, celebrating Canadian ingenuity, industry, and diversity. This year, Majlis Ansarullah Canada was blessed with a strategic booth (No. 3137) in the Enercare Building, running from August 15 to September 2, 2025. This prime location ensured that the photo of the Promised Messiah (Peace and blessing be upon him) and the message of Islam Ahmadiyyat received daily exposure to a massive and diverse audience. The response to the call for duty was immediate and inspiring, resulting in a total of 75 dedicated Ansar members actively participating in rigorous morning and evening

shifts throughout the exhibition's duration. This collective sacrifice—from logistics to manning the booth—showcased the deep commitment of Ansarullah to conveying the peaceful message of Islam.

Full Participation Summary and Key Highlights

Throughout the entire period from August 15 to September 2, 2025, the booth maintained a strong and consistent Ansar presence. The opening day, Friday, August 15, set an excellent standard, with Abdul Aleem Farooqui Sahib and his son, along with Nabeel sahib of Cambridge

Jama'at (the CNE Event Coordinator), serving devotedly until 10:00 p.m. In the following days, the spirit of service spread, with active participation recorded from Ansar in Brampton, Mississauga, Milton, Vaughan, PeaceVillage, Toronto, and Northern Ontario. The presence of senior members, including Qaid Tabligh, Naib Qaideen Tabligh, and respected Missionaries, provided immense motivation and set an excellent example for others.

Spiritual Impact and Conclusion

The spiritual impact of the Ansar's consistent presence was profound. Their humility, dedication, and brotherly love, demonstrated throughout the entire event alongside the respected missionaries of Jama'at Ahmadiyya Canada, created an inspiring environment at the booth and left a deep impression on all who visited or served. By the conclusion of the exhibition on September 2, 2025, we proudly record that a total of 75 Ansar members had actively participated in this blessed effort,

demonstrating their collective commitment to fulfilling the trust of Tabligh. We humbly request prayers for all those who served. May Allah accept their sacrifices, grant them steadfastness, and make the CNE 2025 Tabligh efforts a means of great success for Islam Ahmadiyyat. Āmīn.

Overall Conclusion

We thank all the dedicated Anṣār brothers, students, and regional teams whose sincerity, patience, and unwavering commitment made the Arabic Book Fair, the KW Multicultural Festival, and the extensive CNE Tabligh program such resounding successes. The widespread positive attention generated by our booths and the keen interest expressed by thousands of visitors reaffirm the importance of our Tabligh activities in fulfilling the mission of the Promised Messiah (peace be upon him) in Canada. May Allah the Almighty accept these humble efforts and enable us to reach even greater standards of excellence in propagating

Tabligh on the Road – 2025

Overview of the Initiative

Alhamdulillah, through the immense blessings and guidance of Allah the Almighty, the Tabligh Van initiative of Majlis Anṣārullāh Canada continued to serve as a highly visible, mobile platform for Tabligh on the Road. From March to November 2025, the van travelled extensively across the Greater Toronto Area (GTA), Northern Ontario, and the Prairies Region (McMurray) also utilized a tabligh trailer for Tabligh On the Road, enabling both planned and spontaneous outreach activities. The van's strong branding, prominent display of Jama'at messages, and consistent Ansar engagement turned it into a recognizable symbol of "Love for All, Hatred for None" in the communities it visited. This section highlights the scheduling, utilization, activity metrics, and overall impact of the Tabligh Van throughout the 2025 outreach

Tabligh Van is being actively used in the GTA Area for Tabligh on the Road.

cycle.

The image provided illustrates this initiative perfectly: a custom-branded Tabligh Van, prominently displaying the message "I AM A MUSLIM, ASK ME ANYTHING," is shown with members of Majlis Anṣārullāh and his children engaged in direct public outreach,

often through the welcoming gesture of offering refreshments. This mobile setup embodies the goals of the program by fostering face-to-face dialogue in public spaces, educating the community about Islam’s teachings of peace, and actively promoting the Jama’at’s core motto, “Love for All, Hatred for None,” which is visible on the vehicle.

Van Scheduling and Regional Deployment

Throughout the year, the Van was strategically scheduled across multiple Majalis to ensure continuous field presence. A diverse range of activities—including flyer drives, banner displays, Qur’an exhibitions, public street tabligh, interfaith representation, and support for national events such as the Canadian National Exhibition—were successfully executed.

Key observations include:

- Robust participation from Peace Village Muqami and Vaughan Majalis across multiple months.
- Extensive Northern Ontario drives involving seven Majalis and multi-city outreach.
- Strong urban tabligh efforts led by

Western Brampton.

- Support for high-profile national programs such as the CNE 2025.
- Logistical creativity in the Prairies Region by using the Edmonton tabligh trailer.

These coordinated deployments ensured sustained outreach and high visibility throughout the year, with over a dozen regions directly benefitting from the van’s availability.

Regional Frequency and Utilization Summary

The frequency of van usage reflects the enthusiasm and organizational discipline of participating Majalis. Peace Village Muqami held the highest utilization with eight deployments throughout the year, closely followed by Northern Ontario’s extensive multi-city tours. Brampton, Vaughan, Hamilton–Niagara, and Milton–Waterloo demonstrated strong program execution, each contributing significantly to regional tabligh visibility.

This diverse utilization pattern ensured that the message of Islam Ahmadiyyat reached a broad cross-section of communities—from busy metropolitan centres to smaller towns across Northern Ontario.

Summary of Outreach Achievements and Key Metrics

Across all activities conducted between March and December 2025, the Tabligh Van initiative recorded strong, measurable outcomes. With over 95 days on the road, the van travelled approximately 3,100 kilometres, enabling face-to-face engagement, literature distribution, and large-scale public awareness.

Highlights include:

- 5,900 flyers distributed, including at major events such as the CNE and MLCC cricket tournament.
- Over 190 Ansar members participated across regions, reflecting strong volunteer spirit.

- An estimated public reach of over 120,000 individuals, primarily through visibility at intersections, parks, community centres, and exhibitions.

- 25+ tabligh conversations recorded with 7 follow-up contacts developed, indicating meaningful engagement.

- 150+ volunteer hours contributed across all deployments.

These metrics underscore the Van's role not merely as a vehicle, but as a dynamic outreach instrument amplifying the Jama'at's message across diverse settings.

Major Sites and Public Venues Covered

Throughout 2025, the Van was prominently present at numerous community hubs and public intersections, enabling both direct and passive tabligh. Key venues included:

- King City MLCC Cricket Tournament
- Vaughan/Maple/Woodbridge flyer drives
- Barrie, Orillia, Innisfil, Angus, Oro-Medonte (Northern Ontario Circuit)
- Downtown Brampton public outreach
- Canadian National Exhibition (CNE) 2025
- Vellore Village Community Centre – Qur'an Exhibition
- Hamilton, Oakville, St. Catharines Regional Routes
- Wilfrid Laurier University – World Religions Conference

The strategic presence at these locations enabled exposure to varied demographics, from families and students to multicultural festival attendees and sports audiences.

Out-of-GTA Outreach Expansion

The spirit of tabligh extended beyond the GTA, with McMurray in the Prairies Region conducting field tabligh using the Edmonton trailer. Similarly, the Milton–Waterloo Region utilized the Van for the World Religions

Conference, engaging 450 guests and involving 15 Ansar members. These contributions highlight the nationwide commitment and unity of effort across far-reaching Majalis.

Reflections and Motivational Highlights

The year's activities demonstrated the Van's transformative role as a "mobile message of peace." Peace Village Muqami set an inspiring standard with continuous, disciplined usage. Northern Ontario displayed remarkable creativity by covering multiple cities in extended tours. Brampton and Hamilton's structured urban campaigns further contributed to regional impact. The willingness of distant Majalis—particularly McMurray and Waterloo—to participate despite logistical challenges showcased a profound spirit of sacrifice, brotherhood, and love for tabligh.

The collaboration observed across Majalis, drivers, coordinators, and volunteers reflects the spiritual unity of purpose that defines Anṣārullāh's service.

Conclusion and Future Directions

With Allah's grace, the Tabligh Van initiative in 2025 emerged as a highly successful and visible means of conveying the peaceful teachings of Islam Ahmadiyyat.
